TECHNICAL DATA AND SAFETY DATA PACK

IntaChem® INTER-40™	Description Acidic cleaning solution	Page No. 2
------------------------	---	---------------

Technical Data Sheet Introduction

Inter 40 has been specially formulated for the removal of cement and mortar stains from the surface of brick and sandstone. Also, for cleaning concrete structures and concrete mixing machines. It will also aid the removal of efflorescent of sandstone and brickwork. It can be used on new brick or sandstone structure for cleaning cement/mortar staining.

Technical Data Sheet Product description

It is an aqueous liquid containing a mixture of inorganic and organic acids. Although the agents present are classified as irritants, we grade this product as corrosive, for additional safety. When adequately diluted the organic components are all biodegradable.

Technical Data Sheet How to use the product

Remove any large organic deposits with scrapper or by pressure water jetting before application of the chemical. Then, establish the method, contact time and number of treatments necessary by means of test patch trial. Pre-wet the masonry. Apply Inter 40 by brush (or with care by low pressure spray). Leave for 10-20 minutes before rinsing off. Contact times of longer than 1hour are not beneficial.

For cleaning concrete structures degreasing may be necessary. Inter 40 will then act as an additional cleaning agent and neutralising wash, if applied onto pre-wetted blocks, left 10-20 minutes, and then jetted off.

Technical Data Sheet General safety precautions

Containers should be stored in a safe place with caps secured and a trained responsible person detailed for security appointed, whether in depot, in transit or on site. Spillages must be dealt with immediately. Only competent persons should handle this product.

Technical Data Sheet Materials to be avoided

Aluminum and Zinc; Limestone, Portland stone, marble, calcited stone and slate.

IntaChem Solution Technology understands that the user of this product will only permit trained and competent operatives to handle, use, and store this product. Further it is understood that the operative will have had full access to this document containing both the Technical Data Sheet and the Safety Data Sheet before its handling, use and storage. And that only competent façade cleaner operatives will undertake works in harmony with the contractor's own Method Statement and Risk Assessment. IntaChem® is a registered trademark used under license by Priestman Associates LLP | Co. Reg. OC368277 | 1 Irwin Drive, Nottingham NG6 7BJ | Tel: 0115 975 1880 | info@intachem-solutions.com

TECHNICAL DATA AND SAFETY DATA PACK

IntaChem® INTER-40™	Description Acidic cleaning solution	Page No. 3
------------------------	---	---------------

Technical Data Sheet Protection of operative

Chemical protective suits are needed along with PVC gauntlet gloves, face shields and head covering, and also suitable footwear. Nobody should be allowed to work or pass underneath areas being worked. All persons should be familiar with the required safety precautions and correct handling of the product.

Technical Data Sheet First aid advice

Acid splashes on skin should be flushed with water. If the product comes in contact with eyes, flush with water followed by a mild eye rinse containing sodium bicarbonate. Contaminated clothing should be removed immediately.

Technical Data Sheet Ecology

Inter 40 is a blend of organic and inorganic acidic products, of surface- active agents, solvents and inhibitors. When adequately diluted the organic components are all biodegradable.

Technical Data Sheet Operative Competency

On the general subject of competency, we further signpost enquirers to the Health & Safety Executive's website. Once on the website search on the keyword **competence**. At time of publication the HSE described *Competence* as:

“Competence can be described as **the combination of training, skills, experience and knowledge that a person has and their ability to apply them to perform a task safely**. Other factors, such as attitude and physical ability, can also affect someone's competence. As an employer, you should take account of the competence of relevant employees when you are conducting your risk assessment. This will help you decide what level of information, instruction, training, and supervision you need to provide.”

Largely the UK construction industry uses a skills card scheme called Construction Skills Certification Scheme or CSCS. Those using this product would most likely show on the reverse side of their CSCS card the occupation: Façade Cleaner or if they do not hold a CSCS they are likely to hold an NVQ level 2 in Façade Preservation or a Level 3 NVQ in Heritage Façade Preservation. Supervisors may hold a Level 3 NVQ in Occupational Work Supervision Construction with an awarding body endorsement letter for Façade Preservation. Managers may hold a Level 6 NVQ in Construction Site Management Conservation.

IntaChem Solution Technology understands that the user of this product will only permit trained and competent operatives to handle, use, and store this product. Further it is understood that the operative will have had full access to this document containing both the Technical Data Sheet and the Safety Data Sheet before its handling, use and storage. And that only competent façade cleaner operatives will undertake works in harmony with the contractor's own Method Statement and Risk Assessment. IntaChem® is a registered trademark used under license by Priestman Associates LLP | Co. Reg. OC368277 | 1 Irwin Drive, Nottingham NG6 7BJ | Tel: 0115 975 1880 | info@intachem-solutions.com

TECHNICAL DATA AND SAFETY DATA PACK

IntaChem® INTER-40™	<i>Description</i> Acidic cleaning solution	Page No. 4
--------------------------------------	--	----------------------

Disposal of Containers:

When empty, containers should be filled with water and then emptied in an approved manner and then disposed of.

Safety Notes:

1. Always store containers in secure conditions.
2. Keep containers closed when not in use.
3. COSHH Data: Inter-40
4. Solubility: Totally miscible with water
5. S G: 1.035—1.065
6. pH Value: 1
7. Hazard classification: Contains Hydrochloric acid classified as IRRITANT (equiv. to UN 1789). Labelled as CORROSIVE for additional safety
8. Flammability: Not flammable
9. Physical Data: A clear fluid
10. NEVER leave containers full or empty where the public may come into contact with them.
11. ALWAYS fill containers with water before disposing of them.

Important Notice:

The statements above are compiled from our field of production and according to the latest technological developments and application techniques received by us. Since application and working are beyond our control, no liability of the producer (or its agents) can be derived from contents of the information sheet or additional correspondence. All statements made in addition to this sheet must be confirmed in writing by the producer (or its agents). In all cases our general conditions of sale are valid. This data sheet was published 10/10/2005 and supersedes any previous edition.

IntaChem Solution Technology understands that the user of this product will only permit trained and competent operatives to handle, use, and store this product. Further it is understood that the operative will have had full access to this document containing both the Technical Data Sheet and the Safety Data Sheet before its handling, use and storage. And that only competent façade cleaner operatives will undertake works in harmony with the contractor's own Method Statement and Risk Assessment. Safety Data Sheet according to 1907/2006/EC Article 31

Section 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product Identifier

Product name:

INTER 40

1.2. Relevant Identified uses of the substance or mixture and uses advised against:

Description:

Product Use [SU3] Industrial uses: Uses of substances as such or in preparations at industrial sites; [PC0] Other; [PROC11] Non industrial spraying; [ERC8b] Wide dispersive indoor use of reactive substances in open systems [ERC8e] Wide dispersive outdoor use of reactive substances in open systems;

Acidic Cleaning Solution.

1.3. Details of the supplier of the safety data sheet:

Company:

IntaChem® Solution Technology
a trading name of
Priestman Associates LLP

Address:

1 Irwin Drive, Nottingham, UK NG6 7BJ

Website:

www.intachem-solutions.com

Telephone:

0115 975 1880

Email:

info@intachem-solutions.com

Email of a competent person:

david@priestmanweb.com

1.4. Emergency telephone number:

07943 641586 (Mon-Fri 9am-5pm)

IntaChem Solution Technology understands that the user of this product will only permit trained and competent operatives to handle, use, and store this product. Further it is understood that the operative will have had full access to this document containing both the Technical Data Sheet and the Safety Data Sheet before its handling, use and storage. Section 2: Hazard Identification

2.1. Classification of the substance or mixture

Classification under CHIP:

Xi; R36/37/38

Classification under CLP:

Skin Corr. 1A: H314; STOT SE 3: H335;

2.2. Label elements

Label elements under CLP:

Hazard statements:

H314: Causes severe skin burns and eye damage.
H335 - May cause respiratory irritation.

Signal words:

Danger

Hazard pictogram:

GHS05: Corrosion
GHS07: Warning

Precautionary statements:

P101: If medical advice is needed, have product container or label at hand.
P102: Keep out of reach of children.
P260: Do not breathe dust/fume/gas/mist/vapours/spray
P264: Wash thoroughly after handling.
P280: Wear protective gloves/protective clothing/eye protection/face protection.
P301+330+331: IF SWALLOWED: rinse mouth. Do NOT induce vomiting.
P303+361+353: IF ON SKIN (or hair): Remove immediately all contaminated clothing. Rinse skin with water/shower.
P305+351+338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P363: Wash contaminated clothing before reuse.
P501: Dispose of contents to hazardous waste.

INTER-40™

Description
Acidic cleaning solution

Page No.
8

Safety Data Sheet according to 1907/2006/EC Article 31

Section 4: First Aid Measures

4.1. Description of first aid measures

Inhalation:	Move the exposed person to fresh air. If not breathing, give artificial respiration.
Eye contact:	Rinse immediately with plenty of water for 15 minutes holding the eyelids open.
Skin contact:	Wash off immediately with plenty of soap and water. Remove contaminated clothing.
Ingestion:	DO NOT INDUCE VOMITING. Rinse mouth with water.

4.2. Most important symptoms and effects, both acute and delayed

Inhalation:	Risk of producing lung oedema.
Eye contact:	Causes severe burns to eyes. The eyes may water profusely. There may be severe pain. The vision may become blurred. There may be permanent damage.
Skin contact:	Painful burns (effects may not be immediate).
Ingestion:	Corrosive to mucous membranes.

4.3. Indication of any immediate medical attention and special treatment needed

Inhalation:	Seek immediate medical attention. (show the label where possible).
Eye contact:	Seek immediate medical attention. (show the label where possible).
Skin contact:	Seek immediate medical attention. (show the label where possible).
Ingestion:	Seek immediate medical attention. (show the label where possible).

Safety Data Sheet according to 1907/2006/EC Article 31

Section 5: Firefighting Measures

5.1. Extinguishing media:	Use extinguishing media appropriate to the surrounding fire conditions.
5.2. Special hazards arising from substance or mixture:	Burning produces irritating, toxic and obnoxious fumes
5.3. Advice for fire fighters:	Wear self-contained breathing apparatus and protective clothing.

IntaChem Solution Technology understands that the user of this product will only permit trained and competent operatives to handle, use, and store this product. Further it is understood that the operative will have had full access to this document containing both the Technical Data Sheet and the Safety Data Sheet before its handling, use and storage. Safety Data Sheet according to 1907/2006/EC Article 31

Section 6: Accidental Release Measures

6.1. Personal precautions, protective equipment, and emergency procedures:	Ensure adequate ventilation of the working area. Avoid contact with skin and eyes.
6.2. Environmental precautions:	Do not allow product to enter drains. Prevent further spillage if safe.
6.3. Methods and material for containment and cleaning up:	Transfer to suitable, labelled containers for disposal. Clean spillage area thoroughly with plenty of water.
6.4. Reference to other sections:	See section 8. EXPOSURE CONTROLS / PERSONAL PROTECTION for further information. See section 13. DISPOSAL CONSIDERATIONS for further information.

Safety Data Sheet according to 1907/2006/EC Article 31

Section 7: Handling and Storage

7.1. Precautions for safe handling:	Ensure adequate ventilation of the working area. Avoid contact with eyes and skin. Adopt best Manual Handling considerations when handling, carrying and dispensing.
7.2. Conditions for safe storage, including any incompatibilities:	Keep containers tightly closed. Keep in a cool, dry, well-ventilated area. Store in correctly labelled containers.
7.3. Specific end use(s):	See section 1.2. Relevant identified uses of the substance or mixture and uses advised against for further information.

Other information

Revision:

This document differs from the previous version in the following areas:

- 1 - Description.
- 1 - Product Use.
- 2 - 2.1. Classification of the substance or mixture.
- 2 - 2.1.2. Classification - EC 1272/2008.
- 2 - Hazard pictograms.
- 2 - Signal Word.
- 12 - 12.1. Toxicity.
- 15 - Labelling.
- 15 - Risk phrases.
- 15 - Safety phrases.

Text of risk phrases in Section 2:

R34 Causes burns.
R37 Irritating to respiratory system.
R41 Risk of serious damage to eyes.

Text of hazard statements in Section 3:

Skin Corr. 1B: H314
Causes severe skin burns and eye damage.

STOT SE 3: H335
May cause respiratory irritation.

Eye Dam. 1: H318
Causes serious eye damage.

Aquatic Chronic 3: H412
Harmful to aquatic life with long lasting effects.

Further information:

The information supplied in this Safety Data Sheet is designed only as guidance for the safe use, storage and handling of the product. This information is correct to the best of our knowledge and belief at the date of publication however no guarantee is made to its accuracy. This information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in.

END
